## **Morro Bay Receives Bicycle Friendly Community Designation**

Morro Bay, CA – The City of Morro Bay recently received the Bicycle Friendly Community designation from the League of American Bicyclists. The recognition goes to communities with strong commitments to bicycling. Those commitments include creating transportation and recreational resources that benefit its residents of all ages and abilities while encouraging healthier and more sustainable transportation choices.

“The City is proud to receive the Bicycle Friendly Community designation,” offered City Councilmember Red Davis. “The award recognizes the significant efforts made by City staff, elected officials and our local bicyclist community to plan and build a comprehensive network of safe bikeways in Morro Bay. I am particularly proud of our safe routes to school.”

In order to qualify for the recognition, communities must submit an application with supporting materials to the League. The League reviews applications and consults with local cyclists and bicycle advocates prior to making decisions. The City of Morro Bay is one of 488 bicycle friendly communities in the U.S. Morro Bay has received this designation in the past and is proud to receive this designation for 2019-2023. To learn more about the award and the League of American Bicyclists, please visit [www.bikeleague.org](http://www.bikeleague.org)
