Subject: Correspondence for Special Meeting 3/14/18-Advisory Board Applicants

To all

Nobody is more familiar with our sewer plant issues than Barry Branin. He is a mechanical engineer and has deep knowledge about the Los Osos and Cayucos plants and lives in Morro Bay as well. He has worked tirelessly with council members and the mayor to provide solutions to these expensive issues. We don't want somebody completely new to Morro Bay's sewer history on the WRFCAC---we need Barry.

Please appoint Barry Branin to the WRFCAC.

Thank you

Subject: WRFCAC Vacancy Seat Recommendation

Hello,

We would like to recommend Barry Branin fill the empty seat on the Water Reclamation Facility Citizen Advisory Committee.

Barry has been actively involved with the Morro Bay and Los Osos sewer project and is informed about the sewer plant being built in Cayucos.

Barry has all the knowledge to step into this position ready to analyze data, ask the right questions and offer valuable feedback in this all important subject.

Barry's background as a mechanical engineer, businessperson, active community members and his positive attitude will make for a citizen that I want on the WRFCAC to represent us.

Thank you,
Donald and Kristen Headland
