Dear Dana

Please remove my name due to complicated travel plans. However, when in town, I would be helpful in getting what you want from the developer.

Sincerely,

Hi Dana,

After some deeper consideration I have decided to bow out of this process. There are so many demands on my time and energy right now that I just don't think I can do justice to this position. Thank you for considering me thus far and please feel free to call me if you have any questions.

Sincerely,

Monica King

Dear Joe,

Just to clarify – are you withdrawing only from the Public Works Advisory Board process, or from both that and Planning Commission?

Thank you,  
Dana

Hi, Dana.

I will need to withdraw from consideration for serving on the city's Advisory Board as I initially applied for consideration to serve on either the Planning Commission or Public Works Advisory Board due to a recent change in my consulting business.

Thank you for all of your assistance.

Hi Dana,

I would like to withdraw my application for the member-at-large position on the Tourism Board. The good news is that it looks like you have some great candidates to choose from.

Hi Paula,

I'm sorry, I did not receive your previous email. Based on the subject line, it appears you wish to withdraw from consideration of appointment to the Harbor Advisory Board—is that correct?

Thank you,

Dana
